Information Regarding Patent and Design Registration

Re-Notification Published Date: 13th April 2026

Since the physical files in the Industrial Property Branch of the Department were destroyed due to the arson attack on September 09, 2025, causing problems in the registration and renewal of patents and designs, all applicants who had applied for registration and renewal of patents and designs to the Department before that date are requested to submit their applications within 90 days from the date of publication of this notice by attaching the necessary documents and making a copy of the file. The notice was published on 14th January 2026 for the information of all concerned. Since the service recipient requested an extension of time due to insufficient time, this notice has been published as follows, extending the time by 90 days from the date of publication of this notice. In addition, all concerned are informed about the action to be taken in accordance with the prevailing law regarding applications that are not submitted within the extended period or applications that are not submitted and cannot be confirmed in documents.

Subsequently:

Applicants who have applied for patent and design registration with this department and whose documents are incomplete will have to re-submit the application to the department, attaching the necessary documents, within 90 days from the date of publication of this notice.
